We have Ms. Makela Niles from DOT scheduled to attend and give us an overview of the Northern Tier Rail service which envisions the reestablishment of rail service along the Fitchburg Line all the way to North Adams. We also look forward to hearing from our friends at Keolis and the MBTA about their plans to reestablish service as we come out of COVID (fingers crossed). We will also have reports on transportation issues from our communities, our RPA representatives and hope to hear from our legislative delegation on their transportation related issues and ideas. The meeting will be held via zoom. The links are below. Please mark this in your calendar. I will send out a reminder email again next week. Please let me know if you want to present or have any additions for the agenda.
