

Where to Recycle or Dispose Of...

The following is a helpful list of recycling, reuse and disposal opportunities for items not collected at the curb. You'll see there are a wide variety of local and convenient options for recycling, reuse and disposal, in addition to Concord's semi-annual DropOff-SwapOff days, where a wide variety of items are accepted. There are also a number of area vendors that provide pickup service for some of these items, and a number of residents are utilizing online websites such as www.freecycle.org and www.craigslist.org as a means of advertising unwanted items that could be useful to someone else. Please feel free to contact Concord Public Works at (978)-318-3240 for additional information. Our hours are Monday-Thursday, 9-3pm.
