Electric Heat Weatherization Rebate Application

REBATE INFORMATION

If you heat with electricity, CMLP will rebate 50% of eligible weatherization costs, capped at \$1,000 / year / household. If you heat with natural gas, contact the state at www.MassSave.com or (800) 232-0672 for their rebate programs.

****All receipts/invoices for materials (whether installed by homeowner or contractor) & contractor labor must accompany the application.**** The value of self-labor is not eligible for rebate. Rebates under \$600 are issued as a credit on your electric bill & those over this amount are mailed as checks from Town.

If the rebate will be sent directly to your contractor, meaning lower out-of-pocket costs for you, please note the following:

- Customer Acknowledgment of Satisfaction form (see www.concordma.gov/rebates) must be included with application
- Installer's W-9 Form (IRS's Nov 2017 Revised Form) must be included with application
- If the installer will receive a check ≥\$600, they will get a 1099 from Town for the relevant tax year, if required by tax code
