

If you are interested digging into transportation and mobility issues, the information in the following locations may be helpful. Most of these items were in the previous list on this webpage. Several items are new to this webpage. Please send comments and suggestions here: <https://concordma.gov/FormCenter/General-Government-8/Transportation-Advisory-Committee-Email--99>

Federal Government

The federal Manual on Uniform Traffic Control Devices is published and maintained by the US Department of Transportation. It sets the standards for signage, road marking, traffic signals, and much more on federally funded highways. It is generally followed by the states for their own roads. <https://mutcd.fhwa.dot.gov>
