

Concord Municipal Light Plant

Commercial EV Charging Station Rebate Program

COMMERCIAL CHARGING STATION DATA RELEASE AUTHORIZATION

I have enrolled in the Concord Municipal Light Plant (the “Utility”) Commercial EV Charging Station Rebate Program (the “Program”) pursuant to which I will receive financial incentives and/or non-financial rewards per the Program terms. I understand that, as a condition to my participation in the Program, I am required to authorize the selected electric vehicle charging network service provider (“Provider”) to release a specified set of charging data (“Data”) generated through use of charging stations supported and/or incentivized by this Program for a period of three years from the date that the charging station rebate application is approved. I understand and agree that the Provider is not responsible for, nor has any authority with respect to, the Utility’s privacy practices or how the Utility may use such Data. In consideration for being allowed to participate in the Program, I hereby authorize Provider to release the Data, and hereby forever release and disclaim, on behalf of myself, my heirs and assigns, Provider from any and all claims I may have against it, its employees, officers and directors, arising out of or in connection with such release or the performance of such tasks.

I understand and agree that the Program is being offered solely by the Utility and not by the Provider. I hereby agree that the Provider shall have no liability whatsoever from the Utility’s failure to deliver any of the benefits offered by the Utility in connection with the Program, and hereby forever release and disclaim, on behalf of myself, my heirs and assigns, Provider from any and all claims I may have against it, its employees, officers and directors arising out of or in connection with the Utility’s failure to deliver such benefits.
